Don't let the powersports manufacturers bully you into buying their brand of oil. You have the freedom to choose your brand of oil and keep your warranty intact.

To show our support for riders and to double-down on our confidence in our snowmobile oil, we offer the Runs on Freedom™ Limited Snowmobile Warranty.

How Does AMSOIL Synthetic Snowmobile Oil Stand Up?

Riders love to push their sleds hard. **And they love to push rental sleds even harder.**

That's why we tested AMSOIL INTERCEPTOR® Synthetic 2-Stroke Snowmobile Oil in this rental Polaris* Pro RMK* 850 ridden hard in the Canadian mountains.

An engine teardown following the season showed that INTERCEPTOR prevented piston-ring sticking, piston scuffing and exhaust-power-valve sticking for maximum engine performance and life.

AMSOIL Fights Wear

AMSOIL INTERCEPTOR® Synthetic 2-Stroke Oil delivered **outstanding wear protection and cleanliness** in a rental sled throughout 1,617 miles (2,602 km) of mountain abuse.[CC]

AMSOIL kept pistons virtually free of carbon with nearly all coating intact.

AMSOIL fought the formation of carbon deposits, allowing power valves to move freely.

[CC]Based upon use of a new 2019 Polaris RMK* 850 as a rental sled at Grizzly Lodge December 2018 - February 2019. *All trademarked names and images are the property of their respective owners and may be registered marks in some countries.
