Automotive

AMSOIL synthetic motor oils are crafted in the lab using ultra-premium base oils and additives. We don't fool around with conventional refining techniques or low-grade chemicals that leave performance to chance. We design lubricants to precise requirements and the highest performance standards so you can be confident that your vehicle is protected.

- **Industry**-leading performance and protection
- **Engineered** for advanced automotive technology like turbos and direct injection
- **Reserve** protection that allows you to go longer between oil changes if you choose

Signature Series Protects Against LSPI

AMSOIL Synthetic Motor Oils achieved
100% protection against LSPI.^B

Example of piston damage due to an LSPI event
observed during the testing of a competitor's motor
oil. The red arrows indicate sections of the ring land
that have broken away from the piston.

^BBased on zero LSPI events in five consecutive tests of AMSOIL
Signature Series, XL and OE 5W-30 Motor Oil in the LSPI engine test
required by the GM dexos1 Gen 2 specification.

Why spend thousands on a car and
cheap out on oil? AMSOIL products are
the best available and a great investment
to keep your vehicle running smooth.

How Do AMSOIL Products Stand Up?

Gasoline Vehicles

OUTPERFORMS INDUSTRY STANDARDS

The Sequence IVA Engine Test simulates extended periods of stop-and-go driving – conditions that encourage engine wear. We used Signature Series 0W-20, the lightest viscosity in the line, to further increase the severity of the test. **AMSOIL Signature Series Synthetic Motor Oil provided 75% more engine protection against horsepower loss and wear than required by the industry standard,¹** extending the life of vital components like pistons and cams.

Signature Series Delivers Powerful Protection

AMSOIL delivers powerful protection. How good is it? An independent lab compared AMSOIL synthetic motor oil head-to-head against a leading competitor in a 100,000-mile test². AMSOIL provided far superior wear protection and kept bearings looking like new.

²Testing conducted in an independent lab using AMSOIL Signature Series 5W-30 Synthetic Motor Oil and a leading synthetic-blend 5W-30 motor oil in Ford F-150 trucks with 3.5L twin-turbo engines.

¹Based on independent testing of AMSOIL Signature Series 0W-20 using the ASTM D6891 standard test.

Signature Series Guards Turbos

Protects turbochargers **72% better** than required^C by the GM dexos1[®] Gen 2 specification.

^CBased on independent testing of AMSOIL Signature Series 5W-30 in the GM turbo coking test.

Signature Series Cleans

AMSOIL Signature Series Synthetic Motor Oil has **50% more** detergents^D to help keep oil passages clean and promote oil circulation. It provides **90% better protection** against sludge^{DD}.

^Dvs. AMSOIL OE Motor Oil^{DD} Based on independent testing of AMSOIL Signature Series 5W-30 in the ASTM D6593 engine test for oil screen plugging as required by the API SN PLUS specification.

AMSOIL Keeps Pistons Cleaner

Even after doubling the length of the industry-standard test, AMSOIL delivered **40% cleaner pistons** than required by the standard.^{FF}

^{FF}Based on independent testing of AMSOIL Signature Series 5W-30 in the Sequence IIIH Engine Test (ASTM D6111), required by the ILIAC GF-6 and API SP specifications.

AMSOIL Helps Keep Engines Cleaner

AMSOIL Signature Series is fortified with a heavy treatment of detergent additives, delivering **28 percent more acid-neutralizing power than Mobil 1*** and helping engines stay cleaner, longer.^{LL}

^{LL}Based upon independent testing of Mobil 1 Annual Protection Full Synthetic 5W-30 and AMSOIL Signature Series 5W-30 in ASTM D2896. Oils purchased July 2020.

AMSOIL Resists Viscosity Increase

Signature Series is barely challenged by the industry-standard testing, demonstrating only a 0.1% viscosity increase. Even when the test length is doubled, Signature Series **delivered twice the viscosity control** required by the standard.^{GG}

^{GG}Based on independent testing of AMSOIL Signature Series 5W-30 in the Sequence IIH Engine Test (ASTM D8111), required by the ILSAC GF-6 and API SP specifications.

Signature Series Synthetic Motor Oil

Engineered for enthusiasts seeking maximum protection and performance. Precision-formulated with cutting-edge technology and a longstanding devotion to making the world's best motor oil. The result: engine protection that blows the doors off the highest industry standards.

AMSOIL Is the real deal. Nothing works better in my '07 6.0L Power Stroke Diesel. You really notice the difference on the cold starts. It runs smooth compared to any other oil I have used.

— **Russell**
New Mexico

Diesel

We engineer our synthetic diesel oils with the same passion and pride you put into your diesel, providing protection you can depend on in the most severe operating conditions. Your investment deserves a diesel oil that's up to the challenge. Your investment deserves AMSOIL.

- **Excellent** wear protection
- **Reduced** oil consumption
- **Excels** in extreme temperatures

How Do AMSOIL Products Stand Up?

Diesel Vehicles

MORE BUILT-IN PROTECTION

Detroit Diesel,* a leader in diesel engine technology, sets a standard for measuring cylinder liner and ring wear with its DD13 Scuffing Test for the DFS 93K222 specification. The test simulates real-world use with a modified Detroit Diesel DD13 diesel engine. Cylinder liner scuffing and top ring wear are measured and used oil analysis is performed to determine wear levels during the test.

Third-party testing shows **AMSOIL Heavy-Duty Synthetic Diesel Oil delivers 4X more protection against wear than required by Detroit Diesel's standard¹**. For even greater protection, **Signature Series Max-Duty Synthetic Diesel Oil provides 6X more wear protection than required by the standard²**.

¹Based on third-party testing in the Detroit Diesel DD13 Scuffing Test for specification DFS 93K222 using 10W-30 as worst-case representation.

²Based on third-party testing in the Detroit Diesel DD13 Scuffing Test for specification DFS 93K222 using 5W-30 as worst-case representation.

Keeps Turbos Clean

AMSOIL Signature Series Max-Duty Synthetic Diesel Oil provides protection boosted to the max, delivering up to **60% better turbo cleanliness^J** and withstanding the extra demands you place on the turbo when pulling heavy loads or updating the tune for maximum horsepower.

^JBased on specification standards of CAT C13 2nd Ring Top Land Carbon testing.

Protects Against Rust

Provides up to **2X better rust protection.^K**

Test results describe and represent properties of oils that were acquired on the dates listed in Table 1 (see www.amsoil.com/rusttest.aspx). Results do not apply to any subsequent reformulations of such oils or to new oils introduced after completion of testing. All oils were available to consumers at the time of purchase. Testing was completed in November 2017.

^KBased on industry standard testing using the NMMA FC-W Rust Test.

Reduces Oil Consumption

Heavy-Duty Synthetic Diesel Oil provides up to **66% less** oil consumption, while Signature Series Max-Duty Synthetic Diesel Oil provides up to **76% less** oil consumption.^L

^LThan required by the API CK-4 standard in the Caterpillar-1N oil consumption test.

Signature Series Max-Duty Synthetic Diesel Oil

The top tier of AMSOIL protection and performance for diesel engines. Provides 6X more engine protection.*

CARLISLE
Events

Just the perfect oil for my old flathead
V8 Ford. Great engine protection!

– **Arthur**
Verified Buyer

Classic

There's a reason they're called classics. These legendary cars had horsepower to spare, and styling to accompany it. It's only right to pair them with lubricants designed to help you put all that power on the pavement.

AMSOIL delivers synthetic lubricants specially designed to provide maximum horsepower and advanced protection in classic cars. With unique, high-end formulations and proprietary rust and corrosion protection, AMSOIL provides the precision performance your classic car deserves.

- **High-zinc** formula
- **Performs** on the street & protects during storage
- **Withstands** extreme heat

Z-ROD® Synthetic Motor Oil

High-zinc, high-phosphorus formulation engineered specifically for classic cars and performance vehicles.

Oil Filters

AMSOIL Oil Filters rank among the highest efficiency filters available to the auto/light-truck and powersports markets, providing a filtering efficiency of 99 percent at 20 microns. Featuring advanced full-synthetic technology, AMSOIL Oil Filters provide greater efficiency, capacity and durability than cellulose filters, extending engine and filter life and reducing engine wear. Easy-grip coating eases the job of tightening and loosening filters. Note: Change oil filter at every oil change. Call 1-800-777-7094 (Monday-Friday, 7 a.m.- 7 p.m. Central Time) or look up your vehicle at AMSOIL.com to determine the appropriate filter for each application.

¹³ See page 39 for Proposition 65 information for this product.

Third-party testing reveals AMSOIL Diesel All-In-One (ADB) provides as much as 32°F better protection against cold-temperature gelling than Howes Lubricator Diesel Treat. Plus, AMSOIL Diesel All-In-One boosts cetane by up to 4 points.¹

- **Cleans** dirty injectors to help restore horsepower and improve fuel economy

- **Lubricates** fuel pump and injectors to reduce wear

- **Fights** gelling in cold weather, enhancing fuel flow and helping prevent fuel-filter plugging

- **Increases** cetane up to 4 points for maximum horsepower, increased fuel economy and easier starts

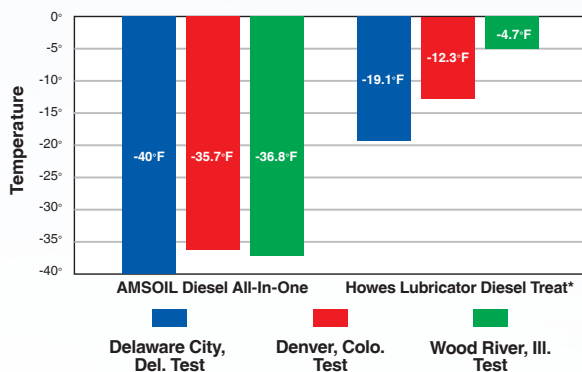

¹Based on third-party testing in July 2017 of AMSOIL Diesel All-In-One and Howes Lubricator Diesel Treat using diesel fuel representative of the U.S. marketplace and Howes' recommended treat ratio for above 0°F.

Cold Filter-Plugging Point (CFPP)

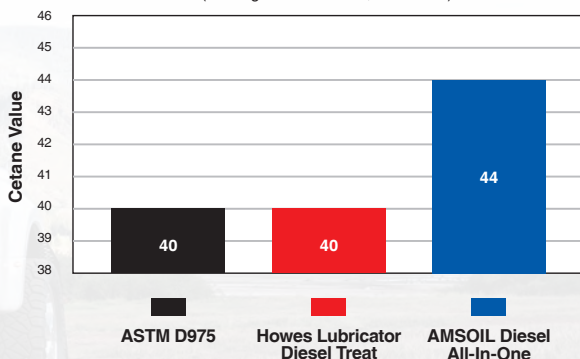

(The lower the number, the better.)

*Based on third-party testing in July 2017 of AMSOIL Diesel All-In-One and Howes Lubricator Diesel Treat using diesel fuel representative of the U.S. marketplace and Howes' recommended treat ratio for above 0°F.

Cetane

(The higher the number, the better.)

Lubricity Improvement

(The lower the number, the better.)

The ASTM D975 diesel fuel standard specifies a wear scar below 520 µm in ASTM D6079 testing, while the Engine Manufacturers Association (EMA) specifies a wear scar below 460 µm. Testing reveals AMSOIL Diesel All-In-One provides significant lubricity improvement in diesel fuels found across the U.S., delivering exceptional wear protection.

ACB

Diesel Cetane Boost

Raises the cetane number of diesel fuel up to eight points for maximum horsepower, increased fuel economy and easier starts in all diesel engines. One ounce treats up to 10 gallons of fuel.
